90% of forest fires are caused by people ...

Stay alert — do the right thing

Don't throw cigarette butts in nature*

Don't make campfires

Don't park your car on (dry) grass

Avoid work that produces sparks

Don't burn garden waste

Take your empty bottles back with
you*

*Illegal dumping is an offence — fines may apply

IN CASE OF FIRE

If a fire is just starting, try to put it out with water, sand or earth. Never with branches!

Raise the alarm by calling the emergency number

Leave the area and follow the existing paths.
